

MINI MILITIA :-

Mini Militia is a 2D multiplayer action game that challenges you to face opponents from all over the world. Up to six different players can play simultaneously during online battles and up to 12 using WiFi.

The gameplay is really intuitive: the virtual stick that helps you move your character is on the left side of the screen and the aiming stick is on the right side. Your weapon shoots automatically as long as you pointing at your target. So, you only have to worry about aiming.

Each level is pretty wide, you'll have plenty of space to move around and escape from your enemies. You can also find tons of weapons and grenades inside each level.

Doodle Army 2: Mini Militia is a multiplayer action game that offers you pretty fun battles, although the visuals are pretty basic. The best part about this game is that you can with up to 12 people inside the same WiFi network.

NFS MOSTWANTED:-

Combining the thrill of illicit street racing and tuner customization with the intensity of strategic police pursuits that rivals any Hollywood-style chase scene, Need for Speed Most Wanted challenges players to become the most notorious and exclusive street racer.

Players instantly feel the thrill of the ride as they hit the streets in an open world environment where drivers can tune their cars to compete against any class of vehicles or use their wits to out-fox the law to satisfy their need for speed. Challenge yourself through the tough tracks and irritating police without fear. Are you ready to challenge your friends to show them how you rock and roll your ride.

BOMBSQUAD :-

Introducing BombSquad, an explosive arcade-style party game best enjoyed with several friends and a large couch.

Jump, punch, throw, and bomb your way to victory as you compete in a plethora of mini-games including Capture-the-Flag, King-of-the-Hill, Bomber-Hockey, and of course Epic-Slow-Motion-Elimination.

Up to 8 local players can get in on the action through BombSquad's support of keyboards, PC gamepads, Wiimotes, PS3 controllers, and Xbox 360 controllers. You can even use iOS and Android devices as wireless gamepads via [BombSquad Remote](#), available for free on the iOS App Store, Google Play, and the Amazon Appstore.

Harness your mastery of physics to barrage your opponents from afar with precision-thrown bombs, or simply charge in and toss your enemies off the nearest cliff; all's fair in love and BombSquad.

Bombs away!

- Classic (4x4), small (3x3), big (5x5), bigger (6x6) and huge (8x8) boards!
- Process and high score will be automatically saved
- One Undo move support. You can use undo function to cancel your last move.
- Beautiful and simple UI, smooth animations
- Leaderboard for the original mode plus the other 4 new modes.
- Completely native implementation brings the best performance.
- Supports android versions 2.1 and above
- Supports all devices including tablets

The small mode, three multiply three (3 x 3), is the hardest mode since it has fewest empty spots, so your space to move is limited than other modes. But it gives you more challenge, try it!

We design and implement the free cool math and number app in native code, so that it has very good performance on android mobile devices comparing with other games.

And since it's free, we put ad on it, you will only see when screens switch sometimes, hope it will not bother you.

T-REX :-

Trex Runner is a simple game where you keep on getting points as the trex runs. Obstacles exists in the path as stones, fire, snakes, warriors and more. You can escape the trex from

obstacles by making him jump over them. Just tap on anywhere on the screen to jump the trex.

You can also select the PANDA/ROBOT as the hero.

Apart from obstacles, many flying goodies also unlock as and when you gain higher points. These when flying over you will grant you extra points too.

MISSILES :- Steer the plane to collect stars and avoid missiles!

- control the plane with joystick, whole screen or left/right buttons
- collect points to unlock new planes
- normal and fast game modes
- shield and speed boost power-ups
- compete with others on Google Play Games leaderboards

Missiles! Can you avoid them all?

RUBIK'S CUBE :-

Rubik Cube 3D helps you learn the beginner's method. Only after mastering this method, one can learn the advanced Friedrich method used by speed cubers.

This is the only app which teaches beginner method and Fridrich method.

With Rubik Cube 3D, you can even checkpoint the cube and start from any particular state. This is particularly useful if you want to practice specific sequences.

TREASURE HUNT :-

A treasure hunt is one of many different types of games with five or more players who try to find hidden objects or places by following a series of clues.

Treasure hunt games may be an indoor or outdoor activity. Outdoors it can be played in a garden, indoors it can be played in a specific room, which would make the work of hiding the clues harder.

Treasure trails are a variation on the theme of a treasure hunt in which participants follow a set of directions and discover clues to help solve a puzzle en route. Trails may be on foot or use vehicles, including public transport. They may follow circular routes or be linear.
